*The I-Caption® T4 Transmitter and I-Caption® R4 Receiver (shown) are the newest additions to our line of automated accessibility products. This new hand-held receiver will accommodate I-Caption®, D-Scriptive™ and ShowTrans© in one compact unit.*

Sound Associates offers a full line of infrared listening products. The following systems are a guideline to help you choose the correct system for your facility. Coverage is approximate. Design and equipment will vary with each location. Contact your local dealer or Sound Associates Customer Service Department for further assistance in choosing the equipment that is right for you.
